## President Endorses Mellon Plan for Immediate Reduction in Heavy Federal Tax Burden

Will Veto Any Bonus Measure He Indicates in Budget Message.

### WOULD BLIGHT HOPES

By WILLIAM J. LOHMEYER

United Press Staff Correspondent.

WASHINGTON, Dec. 10.—President Coolidge, in a special message transmitting the budget for the 1925 fiscal year, today called on Congress to reduce taxes at once.

He endorsed in full the Mellon program to cut taxes \$223,000,000. He opposed the soldier bonus as deadly to all hopes of tax relief, and as not a proper obligation to the veterans.

The time has come, he said, to share with the people, by reducing the tax burden.

Rigorous adherence to budget estimates will permit immediate and continued relief; enactment of extraordinary appropriation measures not contemplated in the budget will defeat it, the President declared.

The budget transmitted by Mr. Coolidge provides for governmental expenditures of \$3,238,080,444 during the 1925 fiscal year, \$268,967,644 less than the current year, and the lowest yearly expenditure of the government since before the war.

Specifically the executive asked for appropriations of \$3,015,080,946, the difference between the appropriations and expenditures being due to the fact that Congress makes some appropriations which carry over from year to year.

A surplus of \$305,851,834 in the government's financial operations for the next fiscal year was estimated, as compared with an estimated surplus of \$329,638,624 this year and an actual surplus of \$309,857,460 in the fiscal year which ended June 30, 1923.

The total receipts of the government during the next fiscal year were estimated at \$3,693,762,078, as compared with \$3,984,577,713 during the current year, a decrease of \$290,815,635. These estimates are based on present taxes and include a back tax collection of approximately \$250,000,000.

Outstanding among the estimates for appropriations for the fiscal year 1925, was the item for interest on the public debt, amounting to \$890,000,000. Second only to this was the estimate for the Veterans Bureau of \$349,045,000.

Next in size were the appropriations asked for the War and Interior departments, respectively, \$326,441,092 and \$209,312,600. The Navy estimates stood fifth at \$273,459,054.

With the exception of the Postoffice, Commerce and Justice departments, which obtained increases, estimates submitted for the executive departments and independent offices were slashed far below appropriations provided them for the current fiscal year.

The principal appropriations asked follow:

Legislative establishments, \$13,783,000, decrease, \$700,000.

Department of Agriculture, \$65,590,575, decrease, \$15,000,000.

Commerce, \$21,043,025, increase, \$3,000,000.

Interior, \$299,312,600, decrease, \$25,000,000.

Labor, \$67,702,565, decrease, \$500,000.

Navy, \$273,459,054, decrease, \$20,000,000.

State, \$14,988,446, decrease, \$400,000.

Treasury, \$148,556,055, decrease, \$5,000,000.

War, \$336,441,092, decrease, \$13,000,000.

Postoffice Department, payable out of postal receipts and not by appropriation, \$213,093,183, increase, \$28,000,000.

Mr. Coolidge told Congress in his message that in addition to those appropriations he would shortly ask to provide an additional \$20,000,000, with which to purchase more equipment for the Coast Guard, to enable it to cope more adequately with rum runners.

If granted he will later ask \$6,000,000 more for the same purpose, he said. These appropriations, he said, would be charged against the current fiscal year.

While dwelling on this subject, Mr. Coolidge called particular attention to Congress to the increase of \$1,600,000 in 1925 estimates for prohibition enforcement, indicating his desire that the money be provided.

The estimates provide for the continuation of the present personnel of the service, no money being provided for the increases in man power sought by Secretaries Weeks and Denby.

Sources of revenue for the fiscal year 1925, were estimated in the budget as follows:

Income and profits tax \$1,500,000,000, a decrease of \$50,000,000 from estimated receipts from this source for the current year.

Miscellaneous internal revenue \$927,585,000, a decrease of \$6,000,000.

Customs receipts, \$483,000,000, a decrease of \$77,000,000.

Miscellaneous receipts \$473,177,075, a decrease of \$87,000,000.

The British government, Mr. Coolidge said in his message, under the terms of its debt agreement with this

country will pay \$160,000,000 into the treasury next year, probably in Liberty bonds. Under the law these will be retired.

Mr. Coolidge opened his budget message with a concise review of the country's finances since the war. He pointed out that since August, 1919, when the national debt was at its peak of \$26,500,000,000, it has been reduced nearly \$4,500,000,000. He then plunged immediately into his recommendations for tax reductions.

"The American people have given a truly magnificent demonstration of patience and patriotism during the years in which they have borne this burden," Mr. Coolidge said.

"In less than seven years, to put the matter very briefly, we have spent \$40,000,000,000 and we have paid from current revenues \$18,000,000,000, or nearly half the amount.

Certainly the Nation which has thus patiently persisted in meeting the enormous burden of governmental costs, is entitled at the earliest possible moment to the large measure of relief from these burdens that can possibly be accorded.

"I am convinced that the time has now come to extend this relief through a substantial reduction in taxation and the fiscal program which is crystallized in the budget estimates which are herewith transmitted to the Congress is based on this purpose.

"We are all familiar with the facts that the larger part of the tax burden arises not from the exactions of the federal government, but from the governmental costs of states and municipalities.

"It is therefore highly desirable that an example of determined and insistent economy be set by the federal government for the sake of its influence upon everybody who possesses the authority to levy taxes. I am firmly persuaded that if the national government will reduce its expenditures and its taxes under the program which is presented to you herewith, it will have a highly salutary effect in inducing greater economies in all other departments of public taxation.

The President then referred to the \$300,000,000 surplus existing in the Treasury as a result of cautious economies during the fiscal year ended June 30, last, and the surplus of slightly larger amounts forecast for the fiscal years 1924 and 1925 by the budget bureau.

"It would certainly tend to align the whole people in support of economical administration of government, and I frankly state that such an alignment is becoming every day more and more necessary because of the influence which it will have upon the states and the other lesser subdivisions of our body politic."

The President then sounded the death knell of the soldier's bonus and loss. Congress should desire and would be able to pass one over the President's veto.

"I have in mind," he said, "that the taxpayers are the stockholders of the business corporations of the United States and that if this business is showing a surplus of receipts, the taxpayers should share therein in some material way that will be of immediate benefit."

"Having in mind that the budget act contemplates that the chief executive under the fortunate situation we now find ourselves shall make such recommendations as in his opinion the public interests require, I recommend a revision of tax laws along lines which will effect a reduction of income taxes by taxing unearned income more lightly than income from business or from investments; by reducing the percentages of the normal tax, and by reducing the surtax rates, with commensurate of their application at \$10,000 instead of \$5,000."

"I also recommend repeal of the tax on telegrams, telephone calls, and leased wires, and of the tax on admissions and revision of the miscellaneous taxes which are a source of inconvenience to tax payers and difficult to collect.

"On the other hand, amendments which would cause some increase of revenue should also be made to existing income tax laws relative to deductions of capital losses; deductions from gross income for interest paid and non-business losses sustained, where income from tax exempt securities is involved; and the manner of taxing community incomes. These changes would reduce taxes by more than \$300,000,000, which is safely within the probable surplus.

"It would not take much, however, to exhaust this margin, and any program of new expenditure on a large scale would make tax reduction impossible for years to come.

"I know of nothing which will give the people of this nation greater assurance that we are unalterably committed to a campaign of economy in public expenditure than a reduction of our present taxation.

"In stating that a reduction in taxation carries with it an obligation not to embark upon an extraordinary expenditure program, I am not unduly mindful of the demand for adjusted compensation for soldiers of the world war which would include among its beneficiaries the able bodied of our veterans as well as the disabled," Mr. Coolidge said.

## ENGINEER BLAMED FOR CRASH WHICH SNUFFS NINE LIVES

Charles Patterson, 26 Years at Throttle, Maintains He Was Not at Fault.

### BILL DONOVAN KILLED

By United Press.

ERIE, Dec. 10.—Charles Patterson, veteran engineer, who for 26 years has piloted fast trains without mishap, was the pathetic central figure today of the preliminary investigation into the wreck of the Twentieth Century Limited.

Early Sunday "Old Charlie" Patterson, sitting at the throttle of a section of the "Century," almost past signal flares and a danger lantern waved by a frantic flagman, and his locomotive jammed into the combination observation-compartment car of another section of the crack train standing at a grade crossing. Nine persons died and 30 were injured.

The railroad places the blame on Patterson, who was uninjured, was taken to headquarters of Superintendent Egan here and made a detailed statement. He declared that he had only about a quarter of a mile in which to check his train after he saw the first flare. There was not time enough in which to stop, he said, although he was able to materially reduce the speed so that he was not going more than 20 miles an hour when the collision occurred.

The veteran engineer was tremendously shocked at the disaster but he stoutly insisted he did everything possible to bring his train to a halt. The night was murky and the rails slippery, making his task the more difficult. The engineer's story will be checked against those told by the flagman sent from the standing section and those told by others of the train crew. The trainman had already been questioned but nothing has been given out yet.

Testimony will be taken in an open hearing tomorrow.

A number of baseball magnates on their way to Chicago for a conference were on the train. W. B. Donovan, "Wild Bill" manager of the New Haven club of the Eastern League, was among those killed. George Weiss, president of the club, was injured. Other baseball men on the train included John A. Heydler, president of the National League, and William F. Baker, president of the Philadelphia Nationals. Neither was hurt.

ALBANY, N. Y., Dec. 10.—It developed today that the State Public Service Commission had ordered elimination of the grade crossing where the New York Central Twentieth Century Limited was wrecked Sunday but that the work had been held up when the Nickel Plate road carried the matter into the courts.

Announcement was made by the commission today that Commissioner Conley would open an investigation into the wreck at Erie, Pa., tomorrow. All railroad men involved have been notified to be present.

DOG JUST LOOKS ON WHILE ROBBERS STRIP AUTOMOBILE

By United Press.

Hobbers who broke into the garage of Bryon Leighty at his home in Dunbar township, near Trotter, on Friday night stripped his automobile of everything that could be removed.

The car was put away between 11 and 11:30 o'clock, Saturday morning when he went to get it he found the tires and rims from all four wheels missing. The spare tire and rim were also gone. The tools, kept in the rear of the car, had been taken together with a good overcoat he had left in the machine. He purchased new tires and rims Saturday.

Mr. Leighty believes the robbers were familiar with the surroundings. A dog tied in the yard ran far from the garage, did not make a sound. When Leighty put the car away he noticed another machine, parked near his home, start away.

BALDWIN MAY HOLD PREMIERSHIP UNTIL PARLIAMENT MEETS

By United Press.

LONDON, Dec. 10.—Premier Stanley Baldwin visited the king at Buckingham Palace today, returning from Chequers, permanent country residence set aside for British prime ministers. The man held responsible for the Conservative debacle in the general election summoned his party leaders to No. 10 Downing street. After a conference which was to determine whether he should resign, the premier drove to the palace.

Baldwin conferred with King George for 40 minutes. Then he returned to Downing street and immediately sent for Sir Laming Worthington Evans, secretary of state for war in 1921. The two were closed for more than an hour.

The best information obtainable here early this afternoon was that Baldwin had not tendered his resignation to the king but had acquainted his majesty with the Conservative party's views of the situation. One apparently reliable report was that the prime minister intends to resign office until Parliament meets.

Fire Destroys Garage, Two Cars At Prittstown

Special to The Courier.

PRITTSTOWN, Dec. 10.—Leaking gasoline and a broken electric light bulb are blamed for a fire which Sunday evening destroyed the garage of John B. Truxel, a local farmer, and a truck, also some farm machinery of a firm for which Mr. Truxel is agent. The loss is placed at \$1,500.

On entering the garage about 7:30 o'clock Mr. Truxel smelled gas. He said he took down an electric bulb and cord to investigate. When he replaced the light it fell. This is the only way Mr. Truxel can account for the fire, he said. He was blown out through the door and landed in a mine cave-in. When he scrambled back the garage was in flames.

## RIVAL FACTIONS IN KLAN LINING FOR A BIG FIGHT

At Trial of Fox for Killing Coburn, Legal Leader of Insurgents.

### VICTIM OF PLOT, CLAIM

By United Press.

ATLANTA, Ga., Dec. 10.—The warring factions of the Ku Klux Klan will bring their bitter internal fight of a year out in the open here December 12.—The fate of Phil E. Fox, charged with murdering a rival Klansman, rests on the outcome of the battle.

Fox, former Texas newspaperman and director of publicity of the imperial palace of the Klan, will be tried for the murder of Captain W. S. Coburn, leader of the legal fight which have been waged in a dozen states by the "insurgents," headed by Colonel William Joseph Simmons, founder of the order.

The state, aided by affidavits and records gathered in the long fight over control of the Klan, will contend that Coburn was murdered as a result of a deliberate wholesale murder plot.

Solicitor General John Boykin said he would point out that, as the chief counsel for Simmons, Coburn had waged his court warfare so vigorously and so nearly successfully that he had become a menace to rival forces.

The main thread of the alleged plot, so far revealed, is a statement credited to Fox, in a midnight call to the home of Colonel Simmons a few hours before Coburn was shot down, that "Simmons, Dr. Fred B. Johnston, E. T. Clarke and Bill Coburn are slated to go." All were leading opponents of the controlling element in the Klan.

Dr. Johnston will be called to testify regarding the alleged visit to Simmons' home, during which he claims the threat was uttered. This was a few minutes after Fox had been frustrated in an attempt on Dr. Johnston's life, the state contends.

"Insurgent" Klansmen, who have been adding the state for weeks in preparation of the case, will make an effort to introduce sensational affidavits dealing with the mob murders at Mer Rouge and other alleged atrocities in support of their plea that Coburn was the victim of a murder plot.

Defense counsel is known to have built up a strong case on an insanity plea. They will present this in refutation of the charge that a murder plot was afoot. Insanity tests, such as first were used to establish the mental condition of Harry K. Thaw, have been applied to Fox and this evidence is counted on heavily to support the defense's contention that Fox not only acted alone in committing the murder, but was mentally irresponsible.

Fox, a heavy-set man of about 40 years, with rather kindly, watery eyes and a general appearance of one who lacks sufficient strength of purpose to kill, has steadily maintained silence regarding his motive.

His only statement was uttered a few minutes after he was apprehended, dashing from a show-down of Coburn's office, after four shots had been fired into the unsuspecting attorney's body.

"He was going to publish some things about me that would have ruined me," Fox muttered to his captors. "I would not have had them have them published and be ruined." He firmly refused to explain the statement or to discuss the case with police or friends.

Coburn was known to have amassed a great number of affidavits and other evidence of a sensational nature against many imperial officers of the Klan. These were for use in reorganization and other suits pending in the legal fight of Simmons to regain control of affairs.

Some of these depositions already have been made public through court action against the imperial officers of the Klan, charging that funds had been spent lavishly in the Oklahoma situation after Klan leaders had mapped out a detailed campaign there, and that investigators of the organization were sent to Mer Rouge instructed to prevent indictments for the murders of Thomas McElwain and Watt Daniel by a hooded mob.

ROSENBAUM STORE AT CUMBERLAND IS BURGLARIZED

CUMBERLAND, Md., Dec. 10.—Sumner Rosenbaum, 75 years old, senior member of the department store firm of Rosenbaum Brothers, and A. E. Patrick, manager, were bound and gagged Sunday morning by two young men, who cracked four safes in the store and escaped with \$1,000.

The firm had sent the day's receipts to the bank.

When Patrick went to the rear of the store he was confronted by an armed bandit, who marched him to the front of the store, where Rosenbaum also was told to put up his hands.

A confederate of the bandit appeared from the third floor, to which Rosenbaum and Patrick were taken, bound to chairs and tied by the legs to legs of display tables.

They told the burglars they did not know the combinations. The outlaws then blew open the safes. The pair then proceeded to the first floor where the combination on the vault was blown and two safes on the inside cracked.

The "job" was done between 10 and 11 o'clock while hundreds passed up and down the street.

Entrance was effected by tampering with a lock on the front door during the business rush Saturday and the robbers waited until after 6.15 o'clock this morning when the two watchmen left.

The Rosenbaum firm at Cumberland is connected with that in Connellsville and Uniontown. Sumner Rosenbaum is a brother of Joseph Rosenbaum of Uniontown and an uncle of Julian and Karl Rosenbaum of Connellsville.

OVER 40 YEARS OF SUCCESS

### President Endorses Mellon Plan for Immediate Reduction

Continued from Page One.  
"I question if there is any sound reason for such a measure," he continued. "The country is prosperous and remunerative employment is available for the able bodied veterans as well as for other citizens. For the disabled veterans of the war and the dependents of those who fell, the country cannot do too much."

"It has already spent nearly two billion dollars and is now spending nearly half a billion dollars yearly for their benefit. That obligation it must and will continue to fulfill in full and measure."

"But the ill and able bodied veterans are offered the opportunities open to every other citizen. The government has no money to distribute to any class of its citizens that it does not take from the pockets of the people and the payment of a bonus to millions of our former soldiers could only be accomplished at a cost to the whole community, including the veterans themselves, far outweighing the benefits to be conferred."

"If I felt a soldier's bonus represented a great need and proper obligation which would be fulfilled by this nation I certainly would not make a recommendation which would be adverse thereto."

### Timely Discovery Prevents Bad Fire in Cleaning Shop

The fire department was in action twice yesterday, beginning at 12:30 o'clock A. M. That alarm was sounded from Box 85 at the corner of Snyder street and East Crawford avenue when smoke was discovered coming through the door of the Liberty Dyeing & Cleaning Company's plant in a building on the corner of Crawford avenue and Apple street. John Fenzlino, who was passing in his automobile, discovered the fire and turned in the alarm.

When the trucks arrived it was found the flames had originated in a waste barrel in the cellar. There was lots of heavy smoke and through it the flames seemed to cover the basement. The big hose was used to advantage but it required a half hour's work to extinguish them. The damage was light.

A second summons occurred at 1:20 o'clock yesterday afternoon. A chimney was on fire at the home of Frank A. Collins, 231 East Peach street. There was no damage.

### Swindler Passes Worthless Checks On Local Dealers

Police and county officers are on the look-out for a man giving his name as Frank Moore for the passing of worthless checks in this city Saturday afternoon. Up to today no trace has been found of him.

Saturday afternoon he walked into the store of Frank Sweeney, telling Mr. Sweeney he was employed by the J. W. Ruth Estate planning mill at Scottsdale, and wished to purchase a washing machine for a Christmas gift. He said he would place a \$10 deposit to hold the machine. Moore gave a check for \$35 and Sweeney gave him a receipt for the \$10, and \$25 in change.

A short time later, Moore worked the same thing at the Schroeder Piano Company's store in North Pittsburgh street. This time he wanted to buy a piano for a Christmas gift. He gave the clerk a check for \$33 and received \$25 in change.

A little later the victims had a hunch there was something wrong, and called up the Ruth planning mill at Scottsdale, where they learned no man by that name was in their employ.

### Police Have Busy Week-End; 27 Are Arrested in Raids

City police put in a busy week-end. A total of 27 arrests were made in raids conducted Saturday night. Nine occurred in West Crawford avenue, all prisoners in that instance being negroes. Eighteen others were arrested in a store on Highland avenue.

The negro defendants were given immediate hearings. George Jackson, alleged proprietor of the place where the arrests were made, was fined \$100 which he paid. Lucius Showers, alleged to be an employee, was fined \$50 and all the others, charged with being patrons, were assessed \$25 each.

The proprietor of the Highland avenue store left a forfeit of \$100 and did not appear for a hearing. Fifteen of the defendants posted a forfeit of \$25 each and seven of that number who appeared for hearings this morning were fined the amount. One other was looked up for being drunk and when he told the mayor where he got the stuff—in the store—he was released. The remaining prisoner proved he was a boarder at the place and was released.

A number of the persons claimed they were caught at the store while there for the purpose of making a purchase. Those were told that such testimony could not alter their position as they were in a disorderly house at the time it was "pulled."

### Guard Against "Flu" With Musterole

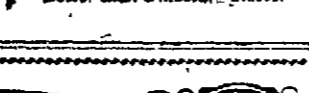

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole.

Musterole is a counter-irritant that relieves congestion (which is what a cold really is) and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.

Just rub it on with your finger-tips. First you will feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief.

Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, in jars and tubes.

## HELPING THE LETTER CARRIERS

There is no such thing as a free lunch in the postal service. The letter carriers are the backbone of the postal service, and they are entitled to the same respect and consideration as any other group of workers. The National Association of Letter Carriers is a national organization that represents the interests of letter carriers in every part of the country. It is a non-profit organization that works to improve the wages and working conditions of letter carriers. The association has been successful in many of its efforts, and it continues to work for the betterment of its members. The letter carriers are the ones who deliver the mail to your door, and they are the ones who keep the postal service running. They are the unsung heroes of the postal service, and they deserve the same recognition and respect as any other group of workers.

In determining wages by present day principles the rates paid for similar kinds of work, the relation between wages and the cost of living, the needs of the employment, the training and skill required, the degree of responsibility and the character and regularity of employment are the factors taken into account in making recommendations of rates that are intended to be just and reasonable. Applying these rules to the letter carriers there appears to be no reason why Congress should fail to recognize the justice and reasonableness of the request for more adequate remuneration.

Wages in every other line of work have been advanced proportionately, and in some instances out of proportion, to the increase in the cost of living; in lines requiring equal skill and training the wage rates are much higher; fewer classes of employment require greater responsibility or higher standards of character in employees. These things being true, it is reasonable to demand that the letter carriers be entitled to wage rates on a parity with those for similar work in private business.

Congress, which has the determination of such questions, being moved only by public sentiment, is slow to act without hearing from the folks back home. Where, in a general demand from constituents to take action, there is a certain line, members of Congress realize that it is time for them to take notice of the sentiment thus expressed to them.

If post office patrons wish to help in advancing the cause of the letter carriers they can do so more effectively than by dropping a line to Senators Reed and Pepper and Representative Kendall at Washington City, stating in a very few words how they feel about the matter of the government dealing fairly with its army of very deserving and worthy postal employees.

To the average citizen and voter it is beginning to appear that Governor Pinchot is going somewhat beyond the necessities, real or imagined, in his so-called "house-cleaning," and making it a case of "breaking up house-keeping." At least that is the only conclusion to be reached when the process extends so far as removing such capable and well qualified men as State Librarian George P. Donohoe from office.

The action of some residents seem to be the "bum" judging from the complaints registered against being "rudely awakened" by the horns which announce the headdress of the local Ka Hui.

You should do your shopping early even if the weather is very much unlike the usual pre-Christmas variety.

Don't forget to seal your Christmas purchases with a Christmas Seal.

## Call to Find Lost

Harry Rosenzweig, the plain street jeweler, whose store was broken into some time ago, received word that several boys with jewelry on them had been arrested in Pittsburgh. Chief of Police Robert Smith and Mr. Rosenzweig took a search warrant and searched several houses in what is known as "Dutchtown" but failed to find any loot.

**Personal Mention.**  
Mrs. S. J. Stevenson spent the week end with Mrs. Abraham in Uniontown. Patience, those who advertise.

## JOINT-EASE FOR Stiff, Swollen Joints

RHEUMATIC OR OTHERWISE  
Says: "When Joint-Ease Gets in Joint Aches Get Out."

It was a high-class pharmacist who saw prescription after prescription fail to help hundreds of his customers to get rid of rheumatic swellings and stiff inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make craky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered through progressive pharmacists to the millions of people who suffer from ailing joints that need limbering up.

Swollen, twingy, inflamed, stiff, pain-tormented joints are usually caused by rheumatism, but whatever the cause Joint-Ease soaks right in, through skin and flesh and gets right to and corrects the trouble at its source.

Remember Joint-Ease is for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine on finger, and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at Connellville Drug Company, Union Drug Company and druggists everywhere for 60 cents a tube.—Advertisement.

## MOTHERS AND THEIR CHILDREN

## A Singing Game

One Mother Says:

Here is a game to teach little brother or sister. They can play it at their party times. All the youngsters stand in line, one behind the other. Each one holds the coat or dress of the one in front, while singing the words "Make a tail, make a tail for the great big whale." They step forward on tip-toe in time with the tune. The leader, who is at one end of the line, may lead the youngsters wherever he chooses until the word "whale" has been sung. At the word each child stamps his foot, drops the coat or dress of the one ahead, turns quickly and catches at once the coat or dress of the one who was just behind him. In this way there is a new leader. The song is then sung again as before.

### At the Theatres

#### The Paramount

"MEN IN THE RAW"—With Jack Hoxie in the stellar role, is on view today and tomorrow at this theatre.

A sensational fight under water between Hoxie and Tex Parker is one of the outstanding thrills of the play. His rescue of Marguerite Clayton, who was dragged by an infuriated tiger, is another exciting episode. Hoxie, in a daring leap from horseback, "bullfights" the tiger. There is a thrilling plunge over a cliff, and several remarkable feats of horsemanship.

The story was adapted from a recent magazine tale by W. Bert Foster, and George Marshall directed the play.

Wednesday and Thursday Tom Moore will be seen in "Harbor Lights."

#### The Soisson

"TRILBY"—A First National picture. Andre LaFayette and Craigdon Hale, in the feature today, Tuesday and Wednesday at this theatre.

One does not have to be numbered amongst the oldest inhabitants to recall the way in which the world's trillies came to be absorbed into American vernacular, as a synonym for foot. A novel was written in France by George Du Maurier. Its concise, euphonious title appealed no less to the imagination than the charm of its delightful heroine, a strange young creature of the Montmartre, unsophisticated in spite of her surroundings and the demands made upon her as an artist's model, noted chiefly for the beauty and perfection of her feet.

Thursday, Friday and Saturday, "Masters of Men" will be shown.

#### The Orpheum

"WHERE THE PAVEMENT ENDS"—A Metro picture featuring Alice Terry and Ramon Novarro, opened this afternoon at this theatre for a three day attraction.

The story was adapted by Rex Ingram from a story in John Russell's book, "Where the Pavement Ends," which has had an enormous sale. Sir Arthur Conan Doyle called the volume "the best book of short tales by any debuts since Kipling's 'Plain Tales from the Hills'." Mr. Russell acted in an advisory capacity during the filming of the story in Florida and declared himself highly pleased with the result which Mr. Ingram obtained in the settings.

The fact that the picture was made

by the director of "The Four Horsemen," "The Prisoner of Zenda" and "Trilling Women" is enough to assure the artist and high distinction.

"Hearts of Adam," a Metro attraction will be shown on Thursday, Friday and Saturday.

#### The Arcade

Mary Brown and her Tropical Maids opened a week's engagement at the Arcade Theatre starting with the matinee today. Mary Brown played here last year and through the high standard of her plays from beginning to end endeared herself to the patrons of the Arcade. The opening bill is "A Peck of Trouble," "Doc" Paul, featured comedian, has nothing of the "slap stick" in his comedy, but puts his work over in neat production style and Dick Butler, as

the character comedian, simply makes you laugh from his entrance to his exit. Then following is Grayce Robertson, the Flora Finch of musical comedy; Jerry Bryce, the dancing fool; Ord Weaver, comedian; Jim Tom Story, known as the saxophone king, whom Mary boasts of as being the clearest saxophone player on the circuit. Hazel Lyons, the girl at the piano, is more than pleasing to listen to and look at. A chorus of eight pretty and clever dancers is one of the features of the show.

On the screen is shown Holbrook Blinn in "Power," a live reel feature.
